Join the Summer Enrichment Programs
And Get A Taste of College Life at WCM-Q!

The WCM-Q Summer Enrichment Programs are designed to provide prospective students with an opportunity to further explore their intellectual curiosity in a college setting. Selected students will have the opportunity to explore the medical career through hands-on experiences mimicking our current students’ programs of study. The programs are delivered by our Faculty members as well as WCM-Q graduates and staff members; and, are offered at our campus in Education City.

Programs Offered For Summer 2014

QATAR MEDICAL EXPLORER PROGRAM (QMEP):
The Medical Explorer Program offers students a two-week experience on campus that provides:

♦ A glimpse of what it is like to be a medical doctor through didactic thinking and problem based learning. Students will explore past, present, and future trends in medicine; will discuss issues in the profession from ethics in research to public health awareness in the Gulf region.
♦ An opportunity to experience college life: Through different college presentations, basic science lab sessions, clinical skills workshops and Problem-Based Learning sessions the students will formulate a clearer picture about how their interests, strengths, and areas of improvement can translate to a career in Medicine.

Program Dates: Sunday 6 July – Thursday 17 July
Target Audience: Students entering 10th and 11th Grades in the fall (Juniors & Seniors)

PRECOLLEGE ENRICHMENT PROGRAM (PCEP):
PCEP aims to introduce the prospective college students to what college life is all about. It offers students a two-week experience on campus that provides:
Career counseling and personal development workshops that will allow students to formulate a clearer picture about their interests, strengths, and areas that need improvement.

A glimpse of how to get into college and how to prepare for college requirements. Students will also work on developing a personal statement.

An idea about college life with emphasis on being a college student through a series of college presentations, clinical skills workshops and Problem-Based Learning sessions.

Program Dates: Sunday 6 July – Thursday 17 July
Target Audience: Students entering 11th and 12th Grades in the fall (Seniors & Graduating Seniors)

General Requirements:

- Students must possess a good foundation in basic and biological sciences, English language proficiency and an interest in pursuing a career in the medical field.
- Strong academic standing. A scanned copy of latest school report and a teacher’s recommendation letter are required.
- A refundable deposit of Qrs 500

Application is currently closed. If you have already submitted an application, we will inform you about your selection by the first week of June.
